Marketing

ANALYTICS

Exploring content performance, campaign effectiveness, and competitive benchmarking through data analysis.

Competitive Benchmarking

Overview

Benchmarked content performance across six academic publishers to identify publishing patterns, competitive positioning, and strategic opportunities.

Project Scope

- 6 Academic Publishers
- Q1 2025 Content Analysis
- 10 Comparative Visualizations
- Benchmarking Report

Publisher

PERFORMANCE TRENDS

Benchmarking monthly publisher performance to identify engagement patterns and competitive positioning over time.

Key Insight

- Publisher A showed the strongest peak performance.
- Several publishers maintained relatively stable engagement.
- Performance spikes suggest different publishing strategies.

Monthly Performance Index

Average Publisher Performance

Comparing average publisher performance using normalized monthly content metrics.

Key Insight

- Publisher A led overall performance.
- Publisher F followed closely.
- A clear performance gap emerged.

Mean Performance Index (Jan–Apr 2025)

Average Publisher Performance

Content

ANALYSIS

Exploring how different content categories contribute to overall publishing performance.

Based on anonymized monthly content performance metrics.

Performance Trend

Key **FINDINGS**

Key insights from publisher and content benchmarking.

1

Publisher Insights

- Clear performance leaders emerged.
- Performance gaps highlighted market positioning.
- Leading publishers demonstrated stronger consistency.

2

Content Insights

- Content categories showed uneven performance.
- Top-performing content drove engagement.
- Performance insights informed content optimization.

Creative **WORKS**

Showcasing visual design, multimedia production, and creative storytelling across marketing projects.

Selected Video Works

1

Research Webinar

Edited webinar recordings and enhanced presentation visuals.

2

Academic Training

Produced educational videos with synchronized graphics and subtitles.

3

Medical Webinar

Edited scientific webinar recordings with subtitles and visual enhancements.

Project Results

Integrated analytics, dashboard design, and multimedia production to deliver actionable publishing insights.

42

Monthly Reports

Delivered over two years.

6

Publishers Benchmarked

Across Chinese academic publishers.

15

Videos Produced

Including webinars and training materials.

Project Impact

- Improved publisher benchmarking with structured performance analysis.
- Supported content optimization through long-term engagement tracking.
- Enhanced knowledge sharing through professionally edited training and webinar videos.

Let's **BUILD INSIGHTS TOGETHER**

Thanks for your time and consideration.
